

## Les détails du produit:

**Code:** S07630

**Modèle:** SPOTTER 7630

### RESISTANCE SPOT WELDING MACHINE - SPOTTER

This multi purpose portable welder is mainly used in car body repair.

- No need to remove interior trims and fitments.
- Double skin areas easily repaired.
- Resistance welding of trim rivets.
- Resistance welding of nails and washers for sheets straightening.
- Resistance welding of nails for noise and temperature insulation panels.
- Resistance welding of M4 screws for fixing: cables, hoses, etc.
- Sheets localised heating
- Supplied complete with suitcase and accessories.

Different voltages available on request

### Fiche technique:

|                            |                 |
|----------------------------|-----------------|
| Code                       | S07630          |
| Input Voltage              | 1x230V 50 Hz    |
| Fuse                       | 16 A            |
| Power at 50%               | 0,8 kVA         |
| Max. welding power         | 5,2 kVA         |
| Open circuit voltage       | 2,6 V           |
| Max. short circuit current | 2500 A          |
| Force on electrodes        | 25 daN          |
| Dimensions                 | mm 510x340x120h |
| Weight                     | 9 kg            |

### Accessoires:

337602 Ø 2,5 electrode to weld nails

337603 Ø 4 electrode to weld screws

---

337604 Magnetic electrode for trim rivets

---

337605 Electrode for washers

---

337606 Electrode for item 337605

---

337608 Hook for washers

---

337610 Ø 2x50mm nails; package of 100 pcs.

---

337611 Ø 2,5x50mm nails; package of 100 pcs.

---

337612 M 4x16 mm screws; package of 100 pcs.

---

337613 Trim rivets; package of 100 pcs.

---

337614 Washers with Ø 8x16mm hole; package of 50 pcs.

---

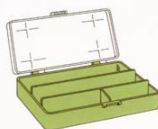

337600 SPOTTER

337601 Hammer

337002 Handle

337618 Box for nails, washers, screws, rivets packing
